

The Power of Color: Making Waves, Shadows, and Splashes

Hi! My name is Marty Corcoran and I am truly wild about weaving and fiber arts. I have been asked to teach a round robin class that shows how color and weave structures can be explored and/or manipulated. I hope you will join me in my weaving adventure which will be held in Neosho on August 12th-14th.

Name: _____

Address: _____

Phone: _____ Email: _____
